M/>
This soft, flexible wire cloth, is knitted and doesn't fray. MMcan be weaved with several metals: Stainless steel Aisi 304, Brass, Bronze or a mix of three kind of wires. New technological solutions make the material ductile, allowing it to be used for a multitude of decorative and technical applications for designers, product developers, packaging engineers, decorators and product engineers. The material has contrasting textures when touched, like soft/rough or smooth/wrinkled and it renders evocative and luminous every atmosphere.
For packaging purposes the material is available in rolls or panels with a minimum width of 100 mm and a maximum of 1500 mm variable according to the chosen type.
